"We wanted to make a positive impression with a key client using a personality profiling tool, FACET5. What better way than to use Silvercube actors to bring it to life. They impressed me with how quickly they picked up the topic and provided impact and fun to an excellent day".

Sharon Sands - Director, Adapt Training & Development Ltd

"For a presentation on social enterprises, I came to Silvercube for help and advice. Silvercube helped me communicate in a relaxed and natural way, giving me the confidence to face my audience and engage them by expressing my style and personality"

Lynne Brooke, Partner @ Vizards Tweedie Law Firm

I'd just like to say how liberating the experience with Darren was! As he said, I 'know my subject back to front'. Unfortunately that was exactly the way I was used to presenting. The two sessions with Darren made me look at structure, posture, delivery, tone, words; in fact just about every aspect of telling a story in such a way as to engage the audience and have the maximum impact. I would certainly recommend Silvercube to other business people who need presentation coaching."

"A few days before taking part in a stress awareness event at one of the big investment banks in the City I spent one hour with Stephen Leslie from Silvercube learning some techniques that would help me to connect well with prospective clients. I'm very pleased to report that something must have worked as I came away from the event with three new clients and a colleague who was there with me didn't get any! Thank you very much."

The actors were fantastic. I had to play a part myself recently and only then did I realize how difficult their job was.

Day 2 (Telephone Skills) is absolutely brilliant. Feedback from others is essential. Motivational!

Working with the actors was excellent. Very like the rep that I used for my case study.

Fantastic opportunity to get feedback and act on it and then get even more feedback.
